# **Bajaj Auto Launches 100cc Discover**

Bajaj Auto has launched the new 100cc Discover. The [Bajaj Discover](#) 100cc is mated with its new DTS-Si version 2.0 engine and gets an oval pent roof combustion chamber and Molykote Piston. Bajaj Discover 100cc bike gets a 5-speed transmission which is first in the 100cc segment. The 100cc Discover is priced Rs. 40,000/- (ex-showroom, Chennai).

Under ARAI – IDC the Discover returns an incredible mileage of 89kmpl and Bajaj claims the mileage would be around 80kmpl in actual driving conditions. The Discover 100cc gets electric start, alloy wheels, auto choke, LED tail lamps, twin pilot lamps and maintenance free battery as standard. The Discover 100cc is available in black green, black red, black blue, red and blue colours.
