Seven Islands Harley-Davidson Inaugurated In Mumbai

Harley-Davidson India today inaugurated its first dealership in Mumbai. Situated in Bandra West, Seven Islands Harley-Davidson epitomizes the unique experience and attributes of the brand. The dealership is led by motor enthusiast and self-confessed 'petro-head', Arjun Bafna, who has turned his passion for riding his Harley-Davidson Ultra Classic Electra Glide into a professional role of a lifetime. To celebrate Harley-Davidson's entry into India, each 2010 model will be accompanied with a custom-designed special edition derby cover engraved with 'First to Ride, India 2010'. These special edition derby covers both commemorate our year of market entry and will forever set apart the first pioneering owners for years to come.

"Exemplifying our world-class dealer standards and the true essence of the Harley-Davidson lifestyle, Seven Islands Harley-Davidson will inspire riders to explore roads less traveled. With Arjun at the helm we look forward to introducing Mumbai to a new chapter of leisure riding." said Anoop Prakash, MD, Harley-Davidson India.

The dealership will offer the entire 2010 Harley-Davidson India line up of 12 motorcycle models, in addition to authentic Harley-Davidson riding gear, apparel, and merchandise. Harley owners will also be able to choose from a wide range of parts and accessories to customize their bikes. Harley-Davidson India's world-class dealerships will enable customers and Harley-Davidson enthusiasts to experience the essence and true spirit of the brand, as riders across the world have experienced for over a century.
