# **Karizma ZMR With K&N Filter**

[youtube:http://www.youtube.com/watch?v=J17Ej2hpdzc 540 375]

Some one has installed a K&N high flow air intake filter on his Hero Honda Karizma ZMR. With the filter, the ZMR owner feels the bike has better acceleration after 3500Rpm and easily does 90kmph. The noise of the filter makes the ZMR sound sweet. How do you like the sound of the K&N filter on the Karizma ZMR?
