The very first official image of the Yamaha R15 Version 2.0 has surfaced on Facebook. The image showcases the new rear, which now features an LED tail lamp and bigger rear tyre. The front looks relatively similar and the new R15 features all new alloy wheels. Yamaha will continue to use the tagline Racing Instinct with the R15 Version 2.0. The above image, which could be an advertisement for print says - *'The real race is not on the track. It's in you. Because in the end, it's always you versus you. YZF R15 Version 2.0 is here. Let the race begin.'* Stay tuned for our live updates right from the launch floor at 11:30 AM.
