Yamaha SZ Concept At 2010 Auto Expo

[Yamaha India](#) showcased the SZ Concept at the 2010 Auto Expo. The bike seems to have drawn lots of inspiration from the [Bajaj Pulsar](#). Although the SZ looks very good, it missed attention of the enthusiasts at the Yamaha stall, who were busy drooling at the R1, VMax and white edition R15 (more can be read [here](#)). If launched, the SZ can be placed right below the FZ series in Yamaha's portfolio. Should this bike be launched, our answer is **YES! Yamaha**.
