Configure Your Bugatti Veyron 16.4

Forget about configuring cars like the [Fiat 500](#), instead configure the car which you will never be able to buy. Not because its expensive, but because it is very very limited in production, the Bugatti Veyron 16.4. Bugatti's online [Veyron 16.4 configurator](#) consumed about 30 minutes of our time as we were trying to create a unique colour combination for the supercar. Bugatti offers viewers a downloadable PDF file with photos of your configured Bugatti Veyron 16.4.
