Cars At 2010 Relio Quick Auto Mall Mumbai

The 2010 Relio Quick Auto Mall saw a huge participation from many car companies (when we say car companies, we mean their dealers). Although there were no new launches nor any never seen before cars at the event there was a lot of eye candy. Other than the normal cars we see on the road everyday, there were a few recently launched cars like the Ford Figo and Volkswagen Polo which drew a lot of attention from visitors. Participants included Maruti, Hyundai, Mahindra, Tata, Fiat, Chevrolet, Toyota, Honda, Skoda, Volkswagen, Ford, Nissan, Mercedes, BMW, Rolls-Royce, Land Rover, Jaguar and Volvo. Also present at the event were vintage cars, boats, go-karts, modified cars and people from financial institutes to help you acquire cars from the above named companies.
