# **Guess This Silver Coloured Car [Updated]**

The picture is little dark but that is the challenge. You have to identify the car which is right behind the Chevrolet Tavera. If you love cars, it will be easy and this is one car which is close to every enthusiasts heart.

**Update** - The answer is the Mitsubishi Lancer Evolution IX. Dhayalan was the first one to guess it right and it was very easy because we goofed up with the home page image, which showed the answer (below image) instead of the question (above image). All those who saw the home page image (the one below) and still got it wrong, well how did you manage that?
