Honda Accord V6 Launch Next Week

Honda India will launch a more powerful version of the Accord with a V6 engine in the Indian market next week and it is likely to be priced at about Rs 25 lakh. The [new Accord V6](#) would come with a 3.5 litre engine, generating 280hp.

"We are ready with our new Accord V6 and it will be launched by next week," Honda India President and CEO Masahiro Takedahawa said.
