# **Honda India Launches New City Variant**

Honda India has launched a new variant of the [Honda City](#), the 1.5V and the 1.5S variant gets beige interiors. The new variant of the Honda City has been launched as part of the [Great Honda Fest promotion](#). The new City 1.5V (MT & AT) comes with the introduction of 5 spoke Alloy Wheels and Front Fog Lamps for better visibility. The exterior looks of the new City 1.5V gets an addition of Chrome door handles, new Sporty Exhaust Finisher and Front & Rear mud guards.

The new variant has a new interior look with Beige fabric seats, Silver Colored Fan Knob, painted inner door handles, door lining garnish and power windows panel. The car also gets the Dual front tweeters and a driver seat back pocket for added convenience. The new Honda City will now be available as SMT, VMT and VAT. Additionally, all the variants will be available in 2 types – Elegance and Inspire just like the [Honda Civic](#).

Honda City will have an additional colour option Deep Sapphire Blue for a limited period during festive season along with existing colors available in the range. The new City has various active and passive safety features as standard including ABS (Anti-Lock Braking System) with Brake Assist (BA), Dual SRS airbags, pre-tensioner seat belts and G-CON (G-Force Control Technology) body with a high integrity survival zone.

**The price of the new City range (ex-showroom Delhi) is as follows :-**
