Honda Launches Refreshed Civic In India

Honda India has launched the new [Honda Civic](#) which has very minute changes like a curved 5 Point Metallic Front Grille, restyled front bumper dark smokey headlights, new fog lights, newly designed alloy wheels, crystalline octagonal tail lights, audio system with USB port, steering mounted cruise control system and intelligent fuel economy indicator. New Civic will be available in 3 variants - SMT, VMT & VAT. All the variants will be available in 2 types namely Elegance and Inspire.

Safety equipment is standard across all variants. It has active and passive safety features including ABS (Anti - Lock braking system) with EBD (Electronic Brake - Force Distribution System) & Brake Assist, Dual SRS airbags and pre-tensioner seat belts. The car will be available in an additional color option Polished Metal along with the existing colors available in the range.
