Honda Testing Jazz In India

Honda India plans to [launch the Jazz](#) in June this year. The Jazz was snapped by team-bhpian max-bhp on the Greater Noida Expressway undergoing testing. Even though the Jazz will have 70% local content, the price will exceed Rs. 7 lakhs and the Jazz will compete with premium hatchbacks like the i20 and the Fabia. The Jazz will be launched with a 1.2 liter i-VTEC powerplant and is expected to set the sales chart on fire.
