# Lamborghini Urus Tail Lamp

Lamborghini has released a third image of the mystery supercar to be unveiled at the Paris motorshow. The new image shows the tail lamp of the rumored to be 4 door supercar and honestly it quite resembles the artist impression of the Panamera sedan. A bit of cut copy pasting got us this puzzle which shows how the rear of this Lambo will look like, sans a few pieces.

If you look very closely at the above image, you will notice the line between the tail lamp coincides with the first image. Here is the third image released by Lamborghini (unedited) :-
