Mahindra Launches Scorpio Extreme

Mahindra Scorpio

Xtreme - Click above for high resolution picture gallery

Mahindra Scorpio Extreme Concept is built on the Scorpio platform. The Mahindra Scorpio is available in 2WD and the 4WD variants. You can select any of the Scorpio variants as per your needs and post registration and Mahindra will customize the same to the "Scorpio Extreme" Concept. The "Scorpio Extreme" Concept is also available to Customers who already are proud owners of the Mahindra Scorpio vehicle. The Customized component would remain the same for these vehicles as well. The company would only need to run a check on the condition of the vehicle as regards the bodyline and the mechanicals and the necessary upgrades for refurbishing would be at an extra cost.

The following is the Order Flow : -

- Customer registers & insures the Mahindra Scorpio (any version) from the Local Dealership
- Customer would pay a DD favoring M/s. NBS International Ltd, Mumbai for the Customization component
- Post registration & insurance, the vehicle is sent to Mahindra Towers, Worli, Mumbai for the Customization to be carried out
- The Customization process would take approximately 45 to 60 working days from the time we receive the base vehicle at Mahindra Towers
- Post Customization, the Customized vehicle will be sent back to the AO for final delivery to the Customer

Kindly note the following key elements as well : -

- Pricing does not include the movement of the registered & insured vehicle to and fro from the Customer / Dealer Location
 - Any incidence during the transit would be borne by the Customer
- Pricing does not include the transit insurance of the same. This is to be borne by the Customer
- There is no technical change in the vehicle - hence, the same vehicle warranty would stand
- Customization has been done to the effect of only aesthetic changes and we will provide a 6 month manufacturing warranty for the same
 - All concepts are hand crafted and could vary from variant to variant
