# **Mahindra Scorpios Wins Raid-de-Himalayas**

The Mahindra Scorpio has recently created a hat-trick at the 12th Raid-de-Himalaya which is one of the most grueling events on the Indian motorsports calendar. The Scorpio emerged the winner in a record three segments under the Adventure Trial – SUV category. The Scorpio also won Raid De Himalaya in 2009 and 2008 in the Adventure Trial - SUV category, making this a hat-trick win! Sanjay Takale and Rahul Sancheti came overall first in the Adventure Trial – SUV Category as well as first in the Stock Expert segment. The brother duo of K Prasad and K Pradeep came first in the Pro Stock Expert segment and Raj Singh Rathore and Chandrashekhar were the winners in the Stock Amateur segment, all these adding up to a triple treat for the Mighty Muscular Scorpio.

Raid de Himalaya 2010 witnessed 164 participating teams grappling with subzero temperatures, highly inhospitable weather and forbidding terrain. The robust and rugged Scorpios however dominated the six-day long competition from the flag-off at Shimla on Day 1, to the close of the rally at Manali on Day 6, maintaining their poise and position through some of the most challenging conditions on earth.
