New Mahindra Scorpio Launch On Friday

Mahindra will launch a facelifted Scorpio on 6th March 2009. The new scorpio will come with cosmetic changes both to the interiors as well as the exteriors. Mahindra will phase out the 2.6L CRDe engine in the new Scorpio. All the variants in the new Scorpio will be powered by the 2.2L m_Hawk engine that is now found only in the VLX variant.

The new Scorpio gets a new front fascia with modified bumpers, new headlamps with projector lens and new grille on the outside. The Mahindra logo now gets embossed on the sides below the doors. Featurewise the new Scorpio gets electric ORVMs and factory fitted 2-DIN audio system. On the inside, the new Scorpio gets new seat fabric. Mahindra will also introduce new colours with the launch of new Scorpio. Deliveries of new Scorpio will start from 10th of March.
