YOU'RE THE FUEL!

SWIFT

Maruti Suzuki is on stock clearing mode. First with the [Grand Vitara Silky Edition](#) and now the Swift Glam Limited Edition. Maruti wants to clear stocks to make way for the [Swift Petrol with the K12M engine](#). The K-Series engine has dual benefits, its Bharat IV compliant and the Swift will benefit from 4% excise duty omission. The Maruti Swift Glam Limited Edition is only available in petrol and only in VXi. It costs approx Rs. 20,000/- more than the Swift VXi. Maruti wouldn't care to launch it in diesel when the diesel is selling so well.

Following are the features in the Maruti Swift Glam Limited Edition :-

- Integrated Audio System
- Beige Upholstery
- Keyless Remote Entry with buttons on the key fob.
- Rear parcel tray
- New wheel covers
- Dual Tone dashboard
- Body coloured outside rear view mirrors and door handles.

The Swift Glam is available in two new colours - Noble Arctic White and Goldsmith Black.
