New Maruti SX4 Launch On 12th October

[Maruti Suzuki](#) will launch the much awaited SX4 with an updated VVT powerplant on the 12th of October. The new [Maruti SX4](#) will also be launched with a 5 speed automatic variant. Changes in the new SX4 include Bharat IV compliant engine (+2bhp, +2NM), new grille and some minor changes to the interiors. According to ARAI the SX4 manual will continue to give an average of 15.5kmpl, whereas the automatic would return a mileage of 12.5kmpl.
