# Maruti Zen Estilo Sports Pictorial Review

Maruti has been trying to push the [Zen Estilo](#). First it killed the legendary Zen, by launching the Estilo and now in order to push sales they came up with a new sports variant. There are huge discounts on the Estilo, so if you don't mind the odd looking car, you can get a bargain. We wouldn't go in to much detail and would leave it to the pics to do the talking. So can you differentiate between the sports and the other variants of the Estilo? We are sure Maruti can come up with better sports variants.
