# **Mercedes-Benz Launches Actros 4841K Truck**

Mercedes-Benz has launched a new version of its truck Actros in India priced at Rs 65 lakh (ex-showroom, Pune). The Actros is the largest selling truck model worldwide. It is acknowledged for its exclusive and innovative design philosophy, outstanding reliability and economy, pleasant and comfortable driving experience and extraordinary safety. The, third-generation Actros 4841 takes these aspects to an even higher level thus setting new standards in the heavy duty truck segment in India.

The Actros is equipped with Telligent braking system with ABS and ASR improving the handling and driving safety. The Active Brake Assist and Hill Holder enable faster braking response and thus considerably shorten braking distance in the event of danger. The multifunction steering wheel and the Driver Information System ensure the safety of driver, vehicle and cargo during transportation. The Telligent® Engine System uniquely combines economy with ecology by enabling the optimum fuel injection to make the combustion cleaner, more efficient and capable of delivering increased power.
