Autobild had published pictures of the 2009 [Mercedes E-Class](#) and now German car magazine [Auto Zeitung](#) has spotted the E-Class.

This 2009 E Class looks very much like what Autobild had published and we feel this car looks kind of boring. Yes its a Mercedes-Benz but whats wrong with Mercedes who seem to have made a hybrid of the C and S Class. I mean just look at the 2009 E and compare it to the BMW 5 Series and you will know what i am talking about.
