Mercedes Launch S 350 L & S 350 CDI L BlueEFFICIENCY

[Mercedes-Benz](#) has launched the S 350 L and the S 350 CDI L BlueEFFICIENCY in India. The 2010 S-Class offers features designed to provide highest levels of comfort and safety to its occupants. Features like Advance Parking Guidance with ultrasonic sensors, Multicolour Ambient Lighting, LED Light Package, Climatized seats, Massage function for rear seats, ATTENTION ASSIST, etc are standard. The new S 350 L is priced at Rs. 82 lakhs (ex-showroom Delhi), while the new S 350 CDI L BlueEFFICIENCY comes at Rs. 80.50 lakhs (ex-showroom, Delhi).

As an exclusive world first for the 2010 S-Class, SPLITVIEW technology is being offered. With two views on a single screen, both the driver & the front passenger can view different functions simultaneously on the screen. A wireless headphone with remote ensures that the co-passenger does not interfere with the driver's focus while on

the road. Great attention has been given to the Rear Seat comfort and entertainment package for the rear-passengers. New introductions include redesigned rear entertainment screens with remote control & 2 wireless headphones as well as standard massage function for the rear passenger.
