Nissan India To Launch 370Z On 20th January

Nissan will launch the 370Z in India on the 20th of this month. Expected to cost a bomb, the 370Z will be the most expensive Nissan in India (but who cares, really). The launch is more of a brand building exercise before the mass production Micra hits the roads this summer. The [Nissan 370Z](#) is powered by a massive 3696cc V6 powerplant with 336 PS at 7000 RPM and 365 NM at 5200 RPM mated to a 7-speed automatic transmission with the option of paddle shifters. Where is the GT-R? We are searching!
