# **Mahindra-Renault Launch Logan Tourer**

Mahindra-Renault have launched a new variant of the Logan starting at Rs. 5.50 lakhs. The [Logan](#) Tourer is a special edition available in both petrol/diesel options and is available in 3 colors – java brown, mist silver and diamond white. Logan Tourer has a high end music system that enables hands free telephony via Bluetooth, and also sports USB/iPOD connectivity. Coupled with color coordinated seat covers, rich wood finish centre fascia and end rack, floor mats and an enhanced carpet. The vehicle also sports fog lamps in the mid variant,, which were earlier in the top end versions. Additionally the car has new 14 “ wheel caps and black B pillar strips.

The Logan Tourer was conceptualised as a co-branding in collaboration with VIP, India's leading luggage brand, a tie-up that ensures the consumer gets all he'll need for that long drive with his family: great fuel efficiency best in class comfort of space, good ride

and handling characteristics, and to top it all, even luggage specially designed for Logan by VIP, making it a complete long drive car. The new Logan Tourer will be available at all Mahindra Renault dealerships across India.
