# Hamman Rolls Royce Phantom & Drophead Coupe

Hamann Motorsports has tuned the Rolls Royce Phantom and the Phantom Drophead Coupe. The cars get massive 23-inch alloy wheels that are available in various designs, along with a three spoke steering wheel. The wheels quite resemble the [HAMANN Volcano Mercedes SLR McLaren](#).

Hamann Motorsport's Phantom package also includes an engine upgrade that boosts the 6.75-litre V12's output from 460HP to 535HP and maximum torque from 720Nm to 835Nm. The speed limiter has been removed resulting in the Phantom's top speed increasing to 300kmph.
