Skoda Models At Auto Expo 2010

Skoda showcased its current portfolio featuring the locally produced Fabia Elegance, the Laura Laurin & Klement (Octavia in Europe) trim level, and a Top end Superb with a 3.6 FSI V6 engine and 4WD featuring the 4th-generation Haldex clutch system with the automatic 7-speed DSG gear box. When it comes to Skoda's European models, the Superb Combi Elegance, Fabia Sportline and the environmentally-friendly GreenLine were present (though we got to see the courier packages only). The Octavia RS with 2.0 TSi petrol engine, offering a generous output of 147 kW (200 bhp) drew alot of attention with its sporty paint job and so did the upcoming Yeti (read more [here](#)).
