Skoda Fabia RS Needs To Be In India

Skoda Auto has a long-standing association with motor sport. From its earliest years, competition cars from Mladá Boleslav have been winning on the world's racing circuits and rally stages. The latest RS road cars carry on this sporting tradition, which gives the second-generation Skoda Fabia RS a head start on the competition. And now for the first time there are two RS versions in the [Skoda Fabia](#) range: both hatchback and estate bodystyles continue the RS range's renowned combination of sporty performance with exceptional fuel efficiency and environmental-friendliness.

The standard equipment in the Skoda Fabia RS includes :-

- * Driver and passenger front and side airbags,
- * ESP including ABS, torque control, (MSR) TCS, EDL, hydraulic brake assistant, (HBA) hill start assist and tyre pressure monitor (TPM),
- * Front fog lights,
- * Three-spoke leather wrapped steering wheel (height-and reach-adjustable),
- * Front sports seats,
- * Sports running gear,
