# **Tata Motors Launches Indica Vista Drivetech4**

Tata Motors has launched an all-new Indica Vista range, the Indica Vista Drivetech4, with a host of new features. The BS-4 compliant Indica Vista Drivetech4 has a specially designed Eurotech gearbox perfectly mated to the Vista Drivetech4 Quadrajet diesel and Safire petrol engines. The [Indica Vista](#) Drivetech4 series has been competitively priced, starting respectively from Rs.3.57 lakhs for the Safire petrol range and from Rs. 4.4 lakhs for the Quadrajet diesel range (ex-showroom, Delhi).

The other new features include a 4-spoke tilt-adjustable steering wheel and height-adjustable driver's seat enabling customised driving positions. The flexible 60:40 flip and fold rear seat lends added space for multiple needs. The fully integrated 2-DIN stereo system with Blue 5 and USB port enhance entertainment and communication convenience. Dual airbags (driver and passenger) and ABS (Anti-lock Braking System) make it one of the safest cars on Indian roads.
