2010 Tata Xenon XT Gets BS IV Update

The Model Year 2010 [Tata Xenon](#) XT (Cross Terrain) is now BS IV compliant. The lifestyle 4-door, 5-seater pick-up combines stylish on-road presence, now even more accentuated with a chrome plated grill and silver roof rails. The interiors now sport a new beige colour scheme with matching upholstery complemented by new faux wood on the centre and floor console. A new CD/MP3 music system makes the comfortable interiors, accommodating five passengers in two rows, even more enjoyable. ABS and wider 235/R16 tyres sitting on stylish new alloy wheels complement the power and off-roading capability of the vehicle coming from a 2.2 VTT DICOR engine, a 4x4 option with an electrical shift-on-the-fly mechanism and a limited slip differential. The Xenon XT can be customised to suit individual tastes and styles through a wide range of accessories such as bed-liners, fog lamps, canopy, boot lid or rollover bars.
