New Toyota Innova Launched

Toyota India has launched the face-lifted Innova. The redesigned Innova gets new front grille, bumper, alloy wheels and rear tail lights. On the inside there is a multi-information display (MID) and climatronic air-conditioning. The steering wheel gets controls for audio and the MID. Toyota has added rear parking sensors to help in reversing.

"We are focused on constantly upgrading our products based on customer feedback. The new Innova with its additional features will attract customers from both the MPV and Sedan segments," Toyota Kirloskar Motor (TKM) Deputy Managing Director (Marketing) Sandeep Singh said.

The price tag for the new Innova remains largely unchanged; priced between Rs 7.66 lakh and Rs 11.06 lakh (ex-showroom, Delhi).
