# **Toyota Prius' Indian Plans On Track**

Toyota will not change its plans to bring the Prius to India even though its Japanese arm is planning a global recall of the first mass produced hybrid. Bookings for the Prius started in January and the vehicles will be delivered by March-end or April beginning. So far the company has got orders for 54 units of the [Toyota Prius](#) from customers in India. Priced between Rs 26.55 lakh and Rs 27.86 lakh (ex-showroom New Delhi), Toyota India has ordered 200 units from its parent to be sold during March-December this year.
