Volkswagen Jetta & Passat To Get New Engines

Volkswagen India will launch new engines in the Jetta and Passat as the German firm looks to comply with new emission norms. The [Jetta](#) will get a lease of life in the form of new grille, new bumper, manual transmission and a new engine. The 2.0 liter, 139bhp common rail diesel engine (out goes the 1.9, 105bhp PD) will power the new Jetta. The same engine does duty in the [Passat](#) as well. The Passat will get the 1.8 liter turbocharged direct injection engine from the Laura giving it competitive performance against the Accord.
