Official Brochure Of India Bound Volkswagen Polo

The [Volkswagen Polo](#) is still a couple of months away but everything you ever wanted to know about the car including its features, transmission, engines, technical specifications, variants are there in the brochure. Heck, the brochure even has the 0 - 100kmph time of all the versions. The 1.6 petrol reaches 100kmph in just 11 seconds, the 1.2 petrol in 14.2 seconds, whereas the diesel is the slowest of all taking 14.4 seconds to a ton. If you want to read just the specifications and features, head over [here](#).

Interior

Like to sit inside the new Polo and you will immediately appreciate what sets it apart from the rest. Microsoft's cutting-edge touch screen with large, intuitive controls and gestures is the star. A host of features make every aspect of your driving experience relaxed and in detail. A host of features make every aspect of your driving experience relaxed and in detail. A host of features make every aspect of your driving experience relaxed and in detail.

The driver cup holder is a safe place for your beverage, no matter how you're driving. It works either way.

Control the car's navigation, music, and more with the touch screen. The screen is highlighted in the image to show its intuitive styling.

Small items needed during the journey, such as a water bottle, can be stored in the pocket of the front seats.

Store the rest of your gear. You'll be pleasantly surprised by the size of the boot on your new Polo. Ideal for those weekend trips out of town.

Every Polo driver is different. And with features such as adjustable steering column for both, reach and rake, and perfectly comfortable seats, your car can be as individual as you are.

If you wish to transport longer, bulkier items, whether it's a pushchair or an entire golf kit, the rear seat backrest folds down for more flexibility.

Engines & Transmissions.

A selection of powerful engine variants means you can enjoy exceptional performance, impressive power and smooth handling together with ground-breaking economy. The new Polo offers a choice of petrol and diesel engines, all designed to deliver dynamic performance. The range starts with a 1.2 litre petrol unit which develops 75 PS (55 kW). This engine promises superior fuel economy without any compromise on power. If it's extraordinary power that you desire, the 1.6 litre petrol engine will surely be to your liking, developing 105 PS (77 kW).

The five speed manual gearbox transmits power with short, accurate shifts and smooth handling makes it easy to use at the right engine speed.

Engines & Transmissions.

A selection of powerful engine variants ensure you can enjoy exceptional performance, responsive drive and smooth handling together with general braking economy. The new Polo offers a choice of petrol and diesel engines, all designed to deliver dynamic performance. The range starts with a 7.0 litre petrol unit which develops 75 PS (55 kW). This engine produces maximum fuel economy without any compromise in power. If a substantially greater fuel economy, the 2.0 litre petrol engine will surely be to your liking, developing 105 PS (77 kW).

The five-speed manual gearbox transmits power with direct, accurate shifts and ease of use. The engine makes it easy to use at the right engine speed.

Power & Torque development graph.

The diesel variant of the new Polo will soon be available in India. Featuring Volkswagen's latest common rail technology, the common rail diesel engine ensures excellent overall performance. The 75 PS (55 kW) unit achieves best in class fuel economy and is incredibly quiet as well.

Safety.

The new Polo is loaded with a wealth of advanced safety systems, helping make every journey as safe as possible. Features include a comprehensive airbag system, but occupant protection, along with an ultra high strength steel frame that makes for an exceptionally robust passenger cell. Add to that, an Anti-Lock Braking System (ABS), which provides individual wheel braking performance. It's all about staying back and enjoying the drive with the reassurance of safety.

With the Anti-Lock Braking System (ABS), the car remains steerable even during sudden braking manoeuvres, and comes to a standstill as quickly as possible.

Simply safe: Front airbags for the driver and passenger provides occupant protection for safer journeys.

3-point inertia front seat belts are naturally included, providing safety and security.

Paint Finishes & Seat Upholstery.

The new Polo is known for its appeal, quality and impressive use of aerodynamics. And before we even think about the paint finish, we treat the body to guard against anything and everything. Only then are we ready to dress it in one of our diverse range of colours. Not to mention, we always add a little bit of Volkswagen style – ingenuity – to every model.
