Get Featured - Kedar Bendre & His Fiat

Hi, I am Kedar Bendre and my love for cars and bikes started from my childhood. I was famous in our area to recognize the cars from its headlamps and tail lamps.

I owned lots of vehicles.

- 1) Hero Honda Splendor which I bought in 2000 used it till 2010 and then sold my bike.
- 2) When I was using Splendor I bought Hero Honda Hunk when it was launched. It was the first Hero Honda Hunk in Pune, I bought it on 1st January, 2008 used it till March 2011 and then sold it to my friend.
- 3) In 2009 I bought Honda Dio for my younger brother, he is still using it.
- 4) In September, 2010 I bought my first 4-wheeler. It was Fiat Grande Punto 1.2 Emotion, silver color. I used the car like crazy. It was great car and handling was top class. As my usage increased I was unable to bare the petrol prices and due to hikes in petrol prices I sold my Punto 1.2 in March 2011 to my colleague.
- 5) When I sold my 1.2 Punto, I bought Bajaj Discover 125cc for mileage perspective. I am still using it.
- 6) In July 2011 I bought my second 4-wheeler and which is Punto Punto but this time it is diesel 90HP Emotion Pack.

Hero Honda Hunk - It was the best looking bike in 150cc category. Road grip and handling was superb so I bought that. Used it till 48000 km in 3 years. I achieved top speed of 120kmph on my Hero Honda hunk which was on Pune Mumbai Highway. I was getting 50-55kmpl mileage on this bike. Tried wheelie, burning rubber, 360-degree on my bike.

Fiat Punto 1.2 Emotion and 90HP Diesel - I don't think I need to write extra about these cars. Handling, looks, value for money factor, Fuel Efficient was the main criteria when I was buying car. I used 1.2 Emotion Punto for 14000kms in just 6 months. Top speed achieved was 145kmph. I was getting FE of 15kmpl in city and on highway achieved 19.2 kmpl mileage. I tried drifting in 1.2 Punto. It was the best experience due to great handling of this car.

Modification on 1.2 Punto

- 1) Black Color Front grill.
- 2) Rear spoiler with stop light.
- 3) Alpine Power Speaker & BASS FX wooden parcel tray.

I bought 90HP Diesel Punto on 27th July 2011 and completed 900 kms in just 5 days. Not yet ripped this car as it is new. Mileage not yet calculated and I am enjoying the new car.

Modification on 90HP Punto

- 1) Carbon Fiber Rear Spoiler
- 2) Blaupunkt Speaker in all 4 doors.
- 3) ABARTH graphics on side profile of the car
- 4) Mirrors and Break Calipers to be painted in RED Color.
- 5) White color mud flap with Punto painted in RED Color
