Pranav Ovalekar On Get Featured

Hi, I am Pranav Ovalekar and I am 26 years old. I own a BMW X6, Audi Q7, a modified Ford Fiesta, Skoda Superb, Chevrolet Cruze, Hyundai Santa Fe, Mercedes C-Class, Hyundai i20 and Yamaha R1. What I love about my cars is that most of them are rear-wheel drive. The fastest speed achieved by me is about 200 kmph with my AUDI Q7. I have matte finished my Ford Fiesta and have attached 5-spoke Konig rims. I am a car modifier and started to love cars at the age of 5. The Audi A8L sold in India is my favorite.

Advice - You guys are running an awesome website. I have a suggestion for you is that you can just create a Members Area where everyone can make their MotorBeam account and it would be just some how like Facebook and the members could also send you some articles written by them and so on.
