Carnation Auto Launches Certified Pre-Owned Car Programme

[Carnation Auto](#) today announced the formal launch of its multi-brand certified pre-owned cars program in Mumbai with the exciting promise of providing both sellers and buyers the best possible return on investment. In addition to the unique business proposition Carnation Auto has brought to all car owners, the launch of the first certified pre-owned car program in Mumbai is another step towards Carnation's overall aim of providing its customers a complete one-stop-shop for all their auto needs.

"Our Auto Solution Hubs have aimed at providing customers everything a car owner would need to maximize his car ownership experience under one roof. At Carnation it is always our attempt to ensure transparency, honesty and truth are an integral part of a customers' experience and that this experience is delivered consistently. Today with the launch of the certified pre-owned car program, we have moved yet another step closer to our vision of creating 'experience destinations' for all," Mr Jagdish Khattar, chairman and managing director, Carnation Auto said.

Pre-owned cars sold from Carnation undergo 160 stringent quality checks ensuring cars are non-accidental and non-flooded. The cars are offered with up to 1 year warranty and 3 free services are offered which can be done across 10 Carnation-hub locations in India. Carnation ensures transparency in all its dealings whether purchasing or selling a vehicle and additionally provides customers with the complete paperwork in place and also offers convenient finance and insurance options. Carnation Auto already has 10 Auto Solutions Hubs operational across India in Amritsar, Chennai, Noida (2), Mumbai (3), Hyderabad and Kochi. It is in the process of opening more than 30 by end of the year.
