DC S Sports Car

DC Design has been well known for designing bad cars like the [Rolls-Royce](#), but the DC S is an exemption. The DC S is a sports car which can be called a supercar too. Simply because it can reach 0-100 kmph in just 3.7 seconds and do more than 300 kmph. All this is thanks to a 3 liter twin turbo engine. The car costs around Rs. 25 lacs.
